Governing law and jurisdiction should be confirmed by your lawyer.

This Mutual Non-Disclosure Agreement (the "**Agreement**") is entered into as of **[Date]** (the "**Effective Date**") by and between:

Disclosing Party:	Maria Polychroniadou , founder and inventor of HealthLedger AI (healthledgerai.com), of [Address], Germany — hereinafter the "Disclosing Party" or "HealthLedger AI".
Receiving Party:	[Full legal name of the third party / company] , of [Address, Country], represented by [Name, Title] — hereinafter the "Receiving Party".

Each a "Party" and together the "Parties". This Agreement is drafted to apply to any Receiving Party with whom the Disclosing Party engages, including but not limited to hospitals, clinics, medical centres, fertility clinics, investors, advisors, technical collaborators, or other organisations to whom the HealthLedger AI concept is introduced.

1. Purpose

The Parties wish to explore a potential business and/or research relationship concerning HealthLedger AI — an AI-powered hospital billing fraud detection, accounting compliance, and cooperation-agreement-mapping system (the "Purpose"). In connection with the Purpose, the Disclosing Party may share confidential and proprietary information with the Receiving Party. This Agreement governs the protection and permitted use of that information.

2. Definition of Confidential Information

For purposes of this Agreement, "**Confidential Information**" means any and all non-public information disclosed by the Disclosing Party to the Receiving Party, in any form (oral, written, electronic, visual, or otherwise), whether or not marked as confidential, including without limitation: (a) the HealthLedger AI concept, methodology, algorithms, detection features, source code, and software architecture; (b) the fault-tolerance and remote-access architecture; (c) the AI agent design, RAG pipeline, embeddings, and clause taxonomy; (d) the on-site discovery methodology and Custom Rules Engine approach; (e) business plans, pricing, customer lists, integration methods, and go-to-market strategy; (f) the developer journal, patent disclosures, doctoral research data, and academic findings; (g) trade secrets, know-how, designs, trade dress, branding, and the healthledgerai.com domain assets; and (h) any analyses, notes, or derivative materials prepared by the Receiving Party that contain or reflect such information.

3. Obligations of the Receiving Party

The Receiving Party shall: (a) hold all Confidential Information in strict confidence and use at least the same degree of care it uses to protect its own confidential information, and no less than a reasonable degree of care; (b) use the Confidential Information solely for the Purpose and for no other purpose whatsoever; (c) not disclose the Confidential Information to any third party without the Disclosing Party's prior written consent; (d) limit access to those of its employees, officers, or advisors who have a strict need to know for the Purpose and who are bound by confidentiality obligations no less protective than those herein; (e) not copy, reproduce, reverse-engineer, decompile, or analyse the Confidential Information except as strictly necessary for the Purpose; and (f) not use the Confidential Information to develop, directly or indirectly, any competing product, service, or system.

4. Exclusions

Confidential Information does not include information that the Receiving Party can demonstrate by written records: (a) was lawfully in its possession without obligation of confidentiality before disclosure; (b) is or becomes publicly available through no breach of this Agreement; (c) is lawfully received from a third party without restriction and without breach of any obligation; or (d) is independently developed by the Receiving Party without use of or reference to the Confidential Information. If disclosure is required by law or court order, the Receiving Party shall give prompt written notice to the Disclosing Party (where legally permitted) and cooperate in seeking protective treatment.

5. No Licence, No Transfer of Rights

All Confidential Information remains the sole and exclusive property of the Disclosing Party. Nothing in this Agreement grants the Receiving Party any licence, right, title, or interest in or to the Confidential Information, or to any patent, copyright, trademark, trade secret, or other intellectual property of the Disclosing Party, whether by implication, estoppel, or otherwise. No rights in the HealthLedger AI name, brand, or inventions are transferred.

6. No Obligation, No Partnership

This Agreement does not obligate either Party to proceed with any transaction, collaboration, or relationship, and either Party may terminate discussions at any time. Nothing herein creates a partnership, joint venture, agency, or employment relationship between the Parties.

7. Return or Destruction of Materials

Upon the Disclosing Party's written request, or upon termination of discussions, the Receiving Party shall promptly return or, at the Disclosing Party's option, destroy all Confidential Information and all copies, notes, and derivative materials, and certify such destruction in writing. The confidentiality obligations herein shall survive such return or destruction.

8. Term and Survival

This Agreement takes effect on the Effective Date and continues for [three (3)] years, unless terminated earlier by either Party with [thirty (30)] days' written notice. Notwithstanding termination, the Receiving Party's obligations of confidentiality shall survive for a period of [five (5)] years from the date of disclosure; and with respect to any Confidential Information that constitutes a trade secret, the obligations shall survive for as long as such information remains a trade secret under applicable law.

9. Remedies

The Receiving Party acknowledges that any breach of this Agreement may cause irreparable harm to the Disclosing Party for which monetary damages would be an inadequate remedy. Accordingly, the Disclosing Party shall be entitled to seek injunctive relief and specific performance, in addition to any other remedies available at law or in equity, without the necessity of posting a bond.

10. Mutual Application

Where the Receiving Party also discloses its own confidential information to the Disclosing Party in connection with the Purpose, the obligations of this Agreement shall apply mutually and reciprocally, with each Party acting as Disclosing Party with respect to its own Confidential Information.

11. Governing Law and Jurisdiction

This Agreement, and any dispute arising out of or in connection with it, shall be governed by and construed in accordance with the law of the country in which the Receiving Party is established, namely: (a) where the Receiving Party is established in **Cyprus**, the laws of the **Republic of Cyprus**, with the competent courts of **Nicosia, Cyprus** having exclusive jurisdiction; or (b) where the Receiving Party is established in **Greece**, the laws of the **Hellenic Republic (Greece)**, with the competent courts of **Thessaloniki, Greece** having exclusive jurisdiction. This reflects the Disclosing Party's doctoral research focus on partner hospitals in Cyprus (American Medical Center, Nicosia) and Greece (European Interbalkan Medical Center, Thessaloniki). The Parties may, by mutual written agreement, refer any dispute first to good-faith negotiation and then to mediation before commencing litigation. [Counsel to confirm the chosen forum for each counterparty.]

12. General Provisions

This Agreement constitutes the entire agreement between the Parties regarding its subject matter and supersedes all prior understandings. It may be amended only in writing signed by both Parties. If any provision is held unenforceable, the remaining provisions remain in full force. This Agreement may be executed in counterparts, including by electronic signature, each of which is deemed an original. Failure to enforce any provision is not a waiver of it.

Signatures

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.
